

## Reese's Peanut Butter Cup Cookies

Note: The cookies can be made with any refrigerated cookie dough or homemade cookie dough.

### Ingredients:

1 (14 oz) package Pillsbury Chocolate Chip cookie dough  
1 bag Reese's Peanut Butter Cup Miniatures

Special equipment: mini-muffin tin pan

### Directions:

1. Preheat the oven to 350 degrees.
2. Roll small chunks of the cookie dough in your hands the size of walnuts (about 1 inch round)
3. Grease the mini-muffin tin pan and place a piece of dough in each. Bake in the oven for about 8-11 minutes (or what the package of cookie dough says), until the cookies are puffed to the rim of the pan.
4. While the cookies bake, unwrap as many Reese's as you need to fit your muffin pan, one per cookie.
5. After the cookies are removed from the oven, immediately place one Reese's on top of each and gently press into the cookie with your finger until the top of the Reese's is level with the top of the cookie.
6. Let cool in the pan, then carefully remove with a small spoon or by running a small sharp knife around the edges to pop the cookies out.
